1 MIKE LINDELL: Well, yeah, you've got to fix that
2 part too. Yeah, I agree with them there, but I will say this:
3 Texas was not immune to the, to the machines. They had ES&S
4 machines and there was fifty seven thousand votes flipped in
5 Dallas before noon on November third. All this was going to be
6 brought on too, it wasn't--Texas still had machines, all the
7 machines are the same. They're all--you've got your ES&S, your
8 Hart, your Diebold, your Dominion, and your mothership
9 Smartmatic. So, I agree with him you know, to get all--we've
10 got to fight at every level, we've got to you know. When the
11 machines are gone, we do have to have no mail-in voting. We
12 have to have one person, one vote, and we'll get to a
13 great--when we, when we come out of this, it's going to be an
14 amazing thing that we put into place, and it's going to be
15 the--then it will actually be the fairest elections in world
16 history.
